## Additional Information

### Mobility Services Officer Classification Study

Contract an external consultant to conduct (\$30,000 total)

The Mobility Services Officer (MSO) study will help establish the MSO employee classification within the Austin Transportation Department. The study will research, analyze, determine, and document the responsibilities, duties, skills, knowledge, abilities, and compensation related to the MSO position by studying comparable programs in other cities and looking internally at relevant departments at the City of Austin. The study should also explore the possibilities for expanding the MSO position to include community assistance measures similar to the TxDOT HERO program, which includes services such as fixing flat tires, jump starting vehicles, removing minor crashes from roadways, etc.
